

Raj Sharma

Frontend Developer

Greater Noida, India | +91 8318049760 | rajsharma10705@gmail.com
GitHub | LinkedIn | Portfolio

Summary

Frontend Developer proficient in HTML, CSS, JavaScript (ES6+), and React.js, with hands-on experience building responsive and user-centric web applications. Skilled in REST API integration, performance optimization, and modern UI/UX practices. Passionate about developing scalable frontend solutions and continuously improving through real-world projects and hackathon experience.

Technical Skills

- **Languages:** HTML5, CSS3, JavaScript (ES6+)
- **Frameworks:** React.js, Bootstrap, Tailwind CSS
- **Tools:** Git, GitHub, VS Code, Figma, Chrome DevTools, npm
- **Concepts:** Responsive Web Design, DOM Manipulation, REST API Integration, Performance Optimization

Projects

Personal Portfolio Website

Source Code

- Developed a fully responsive portfolio supporting 10+ device screen sizes using HTML, CSS, and JavaScript
- Designed modern UI/UX to improve accessibility and user experience across devices
- Optimized performance and deployed using Netlify for fast global access

Facial Expression Detector

Source Code

- Built a real-time facial emotion detection system using live webcam input with face-api.js
- Classified 7 distinct emotions through API-based model integration
- Improved rendering efficiency and detection responsiveness for smooth browser performance

Client Motion Editor Portfolio Website (Figma to Web)

Source Code

- Developed a responsive portfolio website for a real client based on a Figma design
- Converted high-fidelity UI into a pixel-perfect frontend using HTML, CSS, and JavaScript
- Ensured clean layout structure and mobile responsiveness across devices
- Maintained visual consistency with client requirements and deployed on Netlify

Achievements

Mini Hack 2026 — 2nd Place (GNIOT)

- Secured 2nd position in a college-level hackathon by building a React-based project integrated with AI models
- Developed a functional application under strict time constraints, demonstrating problem-solving, teamwork, and rapid prototyping skills

Webathon 2026 — Participant

- Participated in a web development hackathon focused on real-world problem solving
- Collaborated in a team to build a working project prototype

Tech Q Coding Quiz — 3rd Rank (GNIOT)

- Achieved 3rd rank in a competitive technical coding quiz
- Demonstrated strong programming fundamentals and analytical thinking

Education

Bachelor of Computer Applications (BCA)

Greater Noida Institute of Technology

Expected 2027

Certifications

- **Full Stack Development with MERN** — NASSCOM Foundation (thingQbator)
- **Introduction to Front End Development** — Simplilearn SkillUp (Sept 2025)
